
INDIVIDUAL LINE SERVICE

1. GENERAL

1.01 Individual-line service is a grade of customer Exchange service that provides for the connection of one telephone to a Central Office line.

Touch Tone service is a part of the basic service for Individual residence, business and multi access lines in all Exchanges.

2. REGULATIONS

2.01 Arrangements may be made whereby a customer has two main telephone services at different locations in the same Wire Centre area which can receive calls for both services at either or both service locations. An additional bell associated with the distant service is required at each location and is charged for at the regular rate; a cut-off feature to silence such bell is available (N240-3.06).

(a) If the two services are connected to different Central Office lines, the lines are inter-connected in the Central Office without additional charge. Only one main-telephone service can be connected to each Central Office line, and the individual line service rate applies for each service.

3. RATES

Rates for individual line services are in N100.5.
