
ADDITIONAL TELEPHONES

1. GENERAL

- 1.01 An additional telephone is a telephone connected with the same primary service as a main telephone.

2. REGULATIONS

- 2.01 Additional telephones are ordinarily installed in the same building as the main telephones, but when facilities are available they may be installed:

- (a) On any premises of the same customer.
- (b) On premises of other than the customer if a separate primary service is furnished there.

NOTE: Channels that connect main and additional telephones in different buildings are subject to distance charges (See N260-3 and N690).

- 2.02 The number of additional telephones with bells that may be installed with a main telephone is governed by the limitation on the number of bells installed on one line. The Company may determine the number of additional telephones without bells to be installed with a main telephone.

- 2.03 The Company does not undertake to provide satisfactory transmission on any call on which two or more telephones connected with the same service are used simultaneously.
